

CONSTRUCTION & ROAD CLOSURE ALERT

ROAD CLOSURES ON TULARE STREET IN DOWNTOWN FRESNO

UPDATED: OCTOBER 6, 2017

FRESNO, CALIF. – The California High-Speed Rail Authority (Authority), in cooperation with design-build contractor, Tutor-Perini/Zachry/Parsons (TPZP), announces multiple closures for construction at Tulare Street in the City of Fresno.

The first phase of work is being performed to create a Tulare Street underpass that will run below high-speed rail tracks and also eliminate the current at-grade crossing for Union Pacific Railroad. The second phase of work will be for the construction of the new G Street crossing that will run adjacent to high-speed and Union Pacific rail lines. Work is scheduled to begin October 5, 2017.

This is part of Construction Package 1 (CP 1), the first 32-mile stretch of high-speed rail between Avenue 19 in Madera County and East American Avenue in Fresno County.

Tulare Street will be closed to through traffic between G and H Streets. The closure will be in effect for approximately 24 months for phases 1 and 2.

Southbound Tulare traffic will be detoured on H Street to Mariposa Street/Broadway Plaza, then south on Fresno Street to F Street and back to Tulare. Northbound traffic will be detoured at F Street to Fresno Street and back to Tulare. Detour signage will be in place to direct traffic.

This schedule is subject to change. For up-to-date information please visit BuildHSR.com or the Caltrans Quickmap. Traffic laws will be fully enforced and commuters are expected to be aware of the surrounding activities, remain alert and watch for construction vehicles and personnel. The public is asked to drive carefully and be extra cautious while traveling through the construction areas.
